3 June 1948

MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE:

Subject: Final Report of Ad Hoc Committee on
NIS Program.

Reference: (a) CNI comments on subject paper forwarded
with vote sheet dated 23 March 1948.

1. Paragraph 5 of reference (a) contained the
following comment:

"The Naval interest in and contribution to
Air Intelligence should be recognized by
assigning responsibility as follows:

'Air Force with Navy participation' "

2. As the change recommended has not appeared in
amendments to "Standard Instructions for NIS", it is requested
that this matter be included in the agenda for the IAC meeting
now scheduled for 18 June 1948.

THOMAS B. INGLIS,
Rear Admiral, U.S. Navy,
Chief of Naval Intelligence.

With respect to para 7(f) of the Ad Hoc Committee report, there is complete agreement with the first three sentences. It is believed unrealistic, however, to attempt to establish even a target date for completion of the studies on the JCS Priority List until a production schedule has been worked out which will take account of the capabilities of the participating departments and agencies. Accordingly it is recommended that the last two sentences in para 7(f), beginning "The Committee believes.....," be deleted and the following be substituted therefor:

"The Committee recommends that the first task of the NIS Committee, when constituted, be the formulation of a production schedule which will take account of the production capabilities of the participating agencies and will permit the establishment of the earliest practicable target date for the completion of the studies on the JCS Priority List."

MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT: Final Report of Ad Hoc Committee in NIS Program

1. The subject paper is:

- a. Approved without change _____
- b. Approved, subject to important amendment set out below X
- c. Disapproved _____

2. Suggestions or amendments:

Delete the entire chapter titled "Production Schedule" and reference to "JCS Priority List" in chapter "General Instructions", paragraph 7 g (F) for reasons of security.

It is suggested that this information be issued separately on a "need to know" basis.

NIS Committee Member to be:

None.

W. E. TODD
Major General, U.S.A.F.
Deputy Director
The Joint Staff

SECRET

CONFIDENTIAL

SUBJECT: Final Report of Ad Hoc Committee on NIS Program.

ONI COMMENT:

(1) The Joint Chiefs of Staff priority list is the only item in this report which is classified as Secret and hence if it were removed the remainder of the folder as a whole could be classified as Confidential. In view of the fact that some agencies are contemplating circulating this folder to attaches, such removal is recommended for security reasons. It is believed such removal is further indicated because of the changeable nature of such a priority list.

(2) It is believed that the tentative allocation of responsibility for preparation of the NIS is apt to be confused if circulated to attaches and it is, therefore, recommended that it be removed from the folder. Such removal is further indicated because such list is tentative and therefore subject to change.

(3) The recommended production schedule cannot be met until Agency production capabilities are brought into balance with NIS requirements.

(4) The required agency capabilities, in at least many cases, cannot be accomplished through normal fiscal practice until the 1950 budget becomes effective, assuming that the requested funds are approved by Congress.

(5) The Naval interest in and contribution to Air Intelligence should be recognized by assigning responsibility as follows:

"Air Force with Navy participation".

(6) The allocations of responsibility should be approved on a tentative basis, incorporating the recommendation contained in paragraph (5) above.

(7) The NIS Production Schedule should be coordinated with the JIB Production Schedule.

(8) Suggestions for minor corrections of form and of a typographical nature are being submitted separately.

(9) It is requested that a meeting of the IAC be called to discuss the above matter.

CONFIDENTIAL

SECRET

Approved For Release 2000/09/08 : CIA-RDP78-05597A000400010002-0

2. Suggestions or amendments:

a. The following changes be made in "Tentative Allocation of Responsibility for Preparation of NIS." (additions underlined - deletions marked out).

(1) Section 37 - Air Force.

(2) Section 57 - State with the collaboration of Army, Navy, Air Force and CIA.

(3) Section 64E - Air Force.

(4) Section 83 - Air Force (~~Pending further action by Secretary of National Defense.~~)

(5) Section 95 C - Air Force (with assistance of appropriate agencies).

b. Throughout the document where reference is made to the Department of the Air Force and the reference is "Air" it be changed to read "Air Force." (example Chapter V, Section 57, Subversive. Note:-)

c. In the interest of resolving the issue raised by the non concurrence of the Navy member of the Ad Hoc Committee, it is suggested that the following phraseology be inserted as a preface to the allocations and following the title heading thereof:

"Neither the following allocations nor any interpretation thereof shall negate the basic principle that each department is responsible for the production of that intelligence which is responsive to its departmental mission."

XX

2. Suggestions or amendments:

As presently written, Section 73 (Chapter VII) implies that the field of atomic energy is identical with nuclear physics. This is, of course, not the case; nuclear physics is only one of several scientific and engineering fields which play an important role in an atomic energy program. It is therefore suggested that the outline for the atomic energy survey should be reworded so as not to limit itself to nuclear physics. This can apparently be accomplished most readily by substituting the phrase "the field of atomic energy" where "nuclear physics" occurs in the present version of the section.
